

TEN TIPS FOR FIRE SAFETY

1

Install smoke alarms on every level of your home, inside bedrooms and outside sleeping areas.

2

Test smoke alarms monthly. Replace batteries at least once a year.

3

Have a family fire escape plan and practice the plan twice a year.

4

If there's a fire in your home, get out, dial 911 and don't go back inside.

5

Keep matches and lighters out of children's reach

6

Use flashlights during power outages, not candles.

7

Never leave a burning candle unattended.

8

Turn off space heaters when you leave the room and don't leave them unattended.

9

Only use smoking materials outside.

10

Keep flammable items away from anything that can get hot, such as space heaters.
